

Eternal v2 by Sinevibes

AAX + AU + VST effect plugin for Mac/Windows/Linux

Version 2.1.1

- Added VST3 version for Linux
- Added a workaround for an audio framework bug in macOS 10.9-10.12
- New, more modern and future-proof preset manager backend
- Updated AAX framework
- Built against a newer JUCE 7 framework

Version 2.1.0

- Added ability to set the barber-pole flanger frequency as a host tempo fraction (adjustable from 1/16th note to 16 bars), with phase motion also synchronized to the transport location
- Extended the **Stereo** parameter range into the negative values to allow the relative flanger motion in the right channel to supersede the left channel – and vice versa
- New, more modern and future-proof preset manager backend
- Added new factory presets, slightly reworked previous factory presets
- Built against the newer JUCE 7 framework

Version 2.0.2

- Added AAX and VST3 versions for Windows
- Added shortcut button to show the "open file" dialog with the list of preset banks
- Added ability to reduce the window size down to 80%
- Fixed an issue that in very rare cases could cause the preset name and the toggle buttons to abruptly lose their correct styling
- Fixed permissions issue in the package installer that could in very rare cases cause the presets to not be readable by the plugin

Version 2.0.1

- Flipped the modulation generator's polarity for consistency with other Sinevibes products
- Updated all factory presets to reflect the modulation polarity change
